Page No: - 1 of 1

We at QCSD, share a common goal to provide all our customers with highest quality services based on trust. We are committed to develop and deploy technology driven platforms to be a trusted company promoting stability of the economy on national and international levels, meeting all applicable statutory and regulatory requirement and enhancing a safe investment environment that attracts capital.

We ensure safekeeping and transfer of ownership of securities and its price settlements by adapting best market Practices.

We strive to achieve continual improvement by implementing ISO 9001:2015 management system requirements by providing world class and reliable financial services for all types of financial instruments in the Qatar financial market, creating a cost effective post trade financial infrastructure in a safe and secured environment, raising the level of services offered to investors through our highly qualified human resources using innovative applications of technology systems, establish SMART (specific, measurable, achievable, realistic and time bound) objectives and ensuring all interested parties are aware of our policy & communicated, understood and applied within the organization and it is available to relevant interested parties, as appropriate.

We strive to achieve all the above by undertaking periodical reviews of the Quality Management system.
